EXPERIENCE

FRONT-END REACT DEVELOPER

Innovo Technologies PVT LTD

July-2022 - Present

- Working on the Project Called **AQG NOW**.
- Handled all the Frontend-Related logic and API Fetching on React.
- Managed all the Frontend Components on Reactstrap and made them responsive.
- Extensively worked on Google Maps to show vehicles' live locations that helped track and monitor them.
- Worked with Datable to store and maintain data on Frontend. Applied Client-Side as well as Server-Side Paginations and Filters.
- Worked with both Class Base and Functional Base Components in React.
- Worked with Redux Library to store Global States and use them when needed.
- Worked with GitHub and Git to manage and deploy the code in production and to contribute with my team.
